BRIEF INFORMATION ABOUT TEMSAD

TEMSAD (Turkish Textile Machinery and Accessories Industrialists Association) is the only professional organization of the Turkish textile machinery, accessories and textile chemicals sector which was founded in 1998 by 10 companies.

Presently we have 190 member companies who produce good, high quality textile machines and due to consistent improvement in their production processes they are very competitive in terms of pricing when compared to foreign brands. Our members have been supplying their machines not only to the textile conglomerates of Turkey but to many textile mills throughout the world.

TEMSAD's main aim is to ensure that the Turkish textile machinery sector is represented in the best possible way in the International arena and to produce solutions to increase its members exports.

The main objective of all our members is to fully meet the requirements of all domestic and foreign clients immediately and to the best of their capabilities. For the past 10 years TEMSAD has changed its vision and objectives by opening to the world and has signed cooperation agreements with the following foreign countries similar associations with the aim of increasing, establishing and enhancing trade relationships between our members and their counterparts around the world.

Needless to say, TEMSAD pay the utmost importance to establishing mutually beneficial relationships securing the interests of both parties a win-win situation for all.
